DEPARTMENT OF EDUCATION

Office of Postsecondary Education

Federal Work-Study Programs

AGENCY: Department of Education.

ACTION: Notice of closing dates for institutions that participate in the Federal Work-Study (FWS) Program to submit the Campus-Based Reallocation Form (ED Form E40-4P).

SUMMARY: The Secretary gives notice to institutions of higher education of the deadlines for an institution that participated in the FWS Program for the 1994-95 award year (July 1, 1994 through June 30, 1995) to submit its Campus-Based Reallocation Form. An institution that participated in the FWS Program for the 1994-95 award year must complete and submit the Campus-Based Reallocation Form. The Campus-Based Reallocation Form collects FWS community service information for the 1994-95 award year. The information collected is used to determine whether an institution is eligible to receive supplemental FWS funds for the 1995-96 award year (July 1, 1995 through June 30, 1996) and whether an institution met the minimum 5 percent community service expenditure requirement for the 1994-95 award year.

DATES: *Closing Dates for Submitting a Campus-Based Reallocation Form.* If an institution that participated in the FWS Program for the 1994-95 award year wants to ensure that it will be considered for supplemental FWS funds

for the 1995-96 award year, the institution must submit the Campus-Based Reallocation Form by July 28, 1995. If an institution that participated in the FWS Program for the 1994-95 award year does not want to be considered for supplemental FWS funds for the 1995-96 award year, the institution must submit the Campus-Based Reallocation Form by November 3, 1995. The institution must return the ED Form E40-4P containing an original signature. The Department will not accept a form submitted by facsimile transmission.

ADDRESSES: *Campus-Based Reallocation Form Delivered by Mail.* The Campus-Based Reallocation Form delivered by mail must be addressed to the U.S. Department of Education, SFAP, AFMS, Institutional Financial Management Division, (Room 4714, ROB-3), 600 Independence Avenue, SW., Washington, D.C. 20202-5458. An applicant must show proof of mailing consisting of one of the following: (1) A legibly dated U.S. Postal Service postmark; (2) a legible mail receipt with the date of the mailing stamped by the U.S. Postal Service; (3) a dated shipping label, invoice, or receipt from a commercial carrier; or (4) any other proof of mailing acceptable to the Secretary of Education.

If a Campus-Based Reallocation Form is sent through the U.S. Postal Service, the Secretary does not accept either of the following as proof of mailing: (1) A private metered postmark, or (2) a mail receipt that is not dated by the U.S. Postal Service. An institution should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an institution should check with its local post office. An institution is encouraged to use certified or at least first-class mail.

Campus-Based Reallocation Form Delivered by Hand. A Campus-Based Reallocation Form delivered by hand must be taken to Ms. Carolyn Short, Campus-Based Financial Operations Branch, Institutional Financial Management Division, Accounting and Financial Management Service, Student Financial Assistance Programs, U.S. Department of Education, Room 4714, Regional Office Building 3, 7th and D Streets, S.W., Washington, D.C. Hand-delivered reallocation forms will be accepted between 8:00 a.m. and 4:30 p.m. (Eastern time) daily, except Saturdays, Sundays, and Federal holidays. A Campus-Based Reallocation form that is delivered by hand will not be accepted after 4:30 p.m. on the appropriate closing date.

SUPPLEMENTARY INFORMATION: The Department will reallocate unexpended FWS Federal funds from the 1994–95 award year as supplemental allocations for the 1995–96 award year under the FWS program. Supplemental allocations will be issued this fall in accordance with the reallocation procedures contained in the Higher Education Act of 1965, as amended (HEA). Under section 442(e) of the HEA, unexpended FWS funds returned to the Secretary must be reallocated to eligible institutions that used at least 10 percent of the total FWS Federal funds granted to the institution to compensate students employed in community services. Because reallocated FWS funds will be distributed on the basis of fair share shortfall criteria, institutions must also have a fair share shortfall to receive these funds. Institutions must use all the reallocated FWS Federal funds to compensate students employed in community services. To ensure consideration for supplemental FWS Federal funds for the 1995–96 award year, an institution must submit the Campus-Based Reallocation Form by July 28, 1995.

The Department will determine if an institution participating in the FWS program met the statutory requirement of expending at least 5 percent of its total 1994–95 FWS Federal funds to pay students employed in community service jobs. Under section 443(b)(2)(A) of the HEA, for the 1994–95 award year and succeeding award years, an institution must use at least 5 percent of the total amount of FWS Federal funds granted to such institution to compensate students employed in community service, unless the Secretary approves a waiver. A participating FWS institution that does not want to be considered for supplemental FWS Federal funds for the 1995–96 award year must submit the Campus-Based Reallocation Form by November 3, 1995.

Energy efficiency and renewable energy projects entered into by both the public and private sectors are the cornerstone of DOE's Energy Partnerships for a Strong Economy. The purpose of various Energy Partnerships programs is to strengthen the economy and reduce greenhouse gas emissions. In support of this objective, DOE in collaboration with the geothermal industry and the electric utilities, has developed an initiative for furthering the commercialization of geothermal power. A primary strategy of the initiative is the acceleration of geothermal development through cost-shared projects.

This solicitation requests applications from industry for one or more collaborative efforts to support the development of new geothermal resources. These efforts are aimed towards the commercialization of this energy source, and an increase in the amount of electrical power generated from geothermal energy. The U.S. Department of Energy, Office of Utility Technologies, will provide at least \$1,000,000 in funding for one or more projects.
